MAS DES CAPRICES

GRIS GRIS 2023

100% Grenache Gris
IGP Aude

THE ESTATE

Situated between Narbonne and Perpignan, on the border of the Languedoc and Roussillon regions, the vineyard extends over 16 hectares on the Leucate and Fitou villages. Chef and sommelier in our restaurant and first life... Children of Alsatian winegrowers and lovers of good things, we are above all respectful of Nature and what it gives us. From the outset, we have been committed to biodynamic agriculture, working our vines every year to ensure that our wines combine ripeness and freshness of fruit, and have done so ever since we set up in 2005.

THE TERROIR

Most of our vines are located on the unique terroir of the Leucate plateau, on the edge of the cliffs overlooking the Mediterranean Sea, in a magnificent, unspoilt environment. Our grapes are harvested entirely by hand. Gris Gris is made from old Grenache Gris grapes grown on cliffside terroirs with sea views.

IN THE CELLAR

Indigenous yeasts - Vinification in 6hl concrete egg-shaped vats (same principle as the "Blanc de l'Œuf", with natural, regular stirring of the lees). Aged in vats for almost 6 months before bottling in spring.

THE TASTING

A wine that combines length, suppleness and ageing potential... (13.5% vol)

Pale gold color. Nose of white peaches and acacia flowers. This wine is generous, fine and lively, with a balance of light mineral and even "petroleum" notes!

The perfect accompaniment to poultry or shellfish. Like a shellfish found on the beach, as if to take a piece of home with it, this wine brings the happiness of those who made it to those who will enjoy it...
